

Our goal at Icki Sticki is to provide a fun, family friendly experience for those who are young and young at heart. We started building Icki Sticki in Mount Horeb in October 2018 and opened in January 2019. We saw a need in the community for a place that family and friends can gather together to enjoy treats in a fun, casual atmosphere. At Icki Sticki, each table is adorned with games, such as checkers and card, to promote social interaction.
