Under State of Wisconsin - City of Verona cooperation with State Facilities - the first bullet. There is a sentence that states, “The City provides the DOT with copies of all preliminary and final plats of proposed subdivisions adjacent to DOT right-of-way for their review and approval.” The Department of Administration (DOA) sends the “preliminary and final plats” of proposed subdivisions abutting DOT right-of-way to WisDOT for our review and approval. If it is the City of Verona’s intent to provide “conceptual” plans of proposed subdivisions for our review and comment the language should be updated to reflect that.

Please use the reverse side of this page for any additional comments.

THANK YOU FOR YOUR INPUT!!
