Group 2 and 3 - \$200

Delinquent Permit Penalty - A penalty equal to the amount of the permit fee at the time of application shall be assessed whenever the required permit is not obtained prior to commencing work.

Variations - \$300

Permit Information

The current practice of the City of Verona Inspection Department is to issue one "Uniform Building and Trades" permit per project, of which will include any and all plan review, impact and/or permit fees due for that particular project. When the owner or person in charge of the project applies for a permit, they will be asked to provide all information related to that project, such as all contractors' information, project areas, costs, and any other pertinent information needed to calculate the appropriate fees at the time of submittal.

All fees are collected with the issuance of the Uniform Building Permit.
